PROFILE

Full Stack web developer with 9+ years of experience as a purchasing manager in the retail lumber industry. Optimizing and streamlining operations to achieve high levels of efficiency and effective resource allocation share many parallels to software design and implementation. I'm excited to utilize these skills in my career as a developer.

SKILLS

Languages: Javascript, HTML5/CSS, SQL, JAVA, C++

Frameworks: React JS, Node JS, Express JS, Ruby on Rails, Bootstrap, JQuery

Testing: Storybook, Cypress, Mocha / Chai, Jest, Capybara, Rspec

Tools: Netlify, CircleCi, Heroku, Material UI

PROJECTS

ADTIME SCHEDULING | OCTOBER 2020 - NOVEMBER 2020

A Scheduler/Calendar that allows users to create, edit, delete, and transfer shifts. Allowing a seamless update of employees work schedule with text reminders through Twilio and Slack notifications
Front-end: React, React Router, Material UI, SASS
Back-end: Node, Express, SQL

INTERVIEW SCHEDULER | OCTOBER 2020

A Scheduler that the user can create, edit and delete interview appointments.
Front-end: HTML, CSS, React
Back-end: Node, Express, SQL
Test: Jest, Storybook, Cypress

STORY CREATOR | SEPTEMBER 2020

A web app that allows users to create, read, and contribute unique stories. Also allows that user to upvote preferred stories.
Front-end: HTML, SASS, EJS
Back-end: Node, Express, SQL, JQuery

TINYAPP | SEPTEMBER 2020

My first full stack app that allows users to shorten long URLs.
Front-end: HTML, EJS, JavaScript
Back-end: NodeJS, Express

EDUCATION

LIGHTHOUSE LABS | NOVEMBER 2020

Diploma: Full-Stack Web Developer

EXPERIENCE

HEAD PURCHASER | SEN WESTERN WHOLESALE LUMBER LTD | OCTOBER 2010 - JULY 2020

- Managed inventory of over 1000 SKUs, planning for just in time inventory to achieve cost and space efficiencies
- Sourced special order products as requested to meet and exceed customer expectations
- Organized and supervised team for year-end inventory to ensure accurate account of all SKUs, reporting inconsistencies for investigation
- Served as company's main point of contact for resolution of all IT related issues
- Liaised with customers and sales team to identify delivery demands well in advance to ensure timely delivery of products
- Maintained involvement in various aspects of business including shipping, receiving, inside sales, forklift operations and warehousing to ensure optimal operations through peak times
